

SHORTEN BUSINESS HOURS TO CONSERVE COAL

FIVE BILLIONS NEEDED TO RUN U. S. THRU 1921

66th Congress, Meeting
Today, to Hear Re-
cord Estimate.

By Associated Press Leased Wire
Washington, D. C., Dec. 1.—The sixty-sixth congress met today in its first regular session which was expected to continue until just before the presidential election next fall. There was a large attendance both in the senate and house when the gavels of Vice President Marshall and Speaker Gillet fell promptly at noon.

In accord with an agreement reached between republican and democratic leaders before the session opened, the usual formality of appointing a committee to notify the president that congress was in session was dispensed with because of the president's illness. A formal communication of notification was drafted and despatched instead.

ASK FIVE BILLIONS.
By Associated Press Leased Wire
Washington, D. C., Dec. 1.—The record billion dollar congresses of ordinary peace times faded into the past today when Secretary Glass, presenting the annual estimates, proposed appropriations of practically five billion dollars for conducting the peace time activities of the government during the fiscal year, 1921.

According to these figures it will cost more than five times as much to conduct the peace time affairs of government as it did in the year immediately preceding the World War.

The greatest individual estimates for expenditures, of course, go to the army and the navy. The yearly interest on the war debt, however, is \$1,017,500,000 which sum alone is greater than all the appropriations for all purposes whatsoever of any peace time congress.

All in all, the estimates justify the predictions made on the floor of congress, during consideration of the war tax bills, that the present generation would not see the government conducted at an expense of less than four billions a year.

The estimated appropriations for the principal government departments were presented as follows:

Legislative (congress) \$9,025,297.25.
Executive (white house and government departments) \$149,111,463.77.
Judicial, \$1,634,190.
Army, \$989,578,657.20.
Navy, \$42,041,804.80.
Pensions, \$215,030,000.
Public works, \$283,921,810.17.
Miscellaneous, \$833,717,637.96.
Foreign intercourse, \$11,243,250.91.

The total of all estimates, including some comparatively minor items not included in the foregoing is \$4,865,410,031.62, the greatest sum ever asked of any congress when the country was not actually at war.

The billion dollar estimate for the army includes some \$85,000,000 for the national guard. The normal peace time estimate for the army before the war was between 10 and 15 millions. The \$542,000,000 estimate for the navy includes provision for the program of increase and is comparable to an annual estimate of some fifteen millions before the war. The \$283,999,000 public works estimate includes the Panama Canal, reclamation projects, rivers and harbors improvement, public buildings and also military works, arsenals and fortifications.

An item of more than \$391,000,000 for postal services is reimbursable from postal revenues.

**HARRY CHIVERTON TO
TAKE LONG VACATION**

After nearly thirty years service as a meat cutter, Harry Chiverton has retired from the firm of Chiverton Brothers, 106 North Galena Ave., his brother Frank A., taking over sole control and management of the business this morning. The retiring member of the firm, who was the oldest butcher in point of service in the city, says he thinks he has earned a vacation and he's going to take it.

WOOD AND WILSON.
By Associated Press Leased Wire
Pierre, S. D., Dec. 1.—Gov. Peter Norbeck and W. H. Iking, chairman of the state central committee, leaders of the republican party in South Dakota announced at noon today that they endorsed Maj. Gen. Leonard Wood as republican candidate for president and declared that Wood would be endorsed by the state convention tomorrow.

Endorse Wilson.
Democratic leaders announced that their state convention tomorrow will endorse President Wilson for a third term if he is willing to be a candidate. Some of the democratic delegates pointed out that this will leave the delegates free to make a further endorsement of necessity at the March convention.

PAID \$600 PER ACRE.
A new record price for farm land in Bureau county was paid by Edward Monier, of Buda, Wednesday, when he bought the old Warfield homestead of 72 acres at the edge of Princeton for \$42,200, a price of \$600 per acre.

STRIKE BULLETINS

VOLUNTEER MINERS.
By Associated Press Leased Wire
Pittsburgh, Kan., Dec. 1.—Wearing army uniforms, many of which bore insignias of overseas divisions, the first contingent of the volunteer workers who are to dig coal in the strike pit mines of the Pittsburgh field arrived here early today.

TROOPS ON GUARD.
By Associated Press Leased Wire
Pittsburgh, Kan., Dec. 1.—Actual mining operations under the Kansas plan to re-open coal properties made idle by the miners strike were to begin here today with the sending of several hundred volunteer coal diggers to the strip pit near this city.

Twelve hundred federal and twelve hundred state troops were in the coal district today for police purposes.

Whether any material number of miners will accept the government's fourteen per cent wage increase and return to work today was problematical.

ATTEMPT TO RUN.
By Associated Press Leased Wire
Pittsburgh, Pa., Dec. 1.—For the first time in more than a generation an attempt was made today to operate as non-union the union coal mines in the Pittsburgh district where 42,000 miners have been idle. The attempt to resume operations was based on the 14 per cent increase in wages ordered granted the miners by the government. Notices were posted at all mines in the district Saturday informing the idle miners of the increase.

Officials of district No. 5 United Mine Workers, are confident the experiment will fail while operators for the most part refrained from prophesies.

MEN STAY OUT.
By Associated Press Leased Wire
St. Louis, Dec. 1.—Not a single instance of a striking coal miner returning to work was reported today from the southern Illinois fields.

QUINCY SONSERVES.
By Associated Press Leased Wire
Quincy, Ill., Dec. 1.—Mayor J. P. O'Brien, fuel administrator for the city, met representative citizens this morning, and it was decided that coal delivery shall be for domestic purposes only. Such supplies of coal as churches and theatres have on hand have been ordered held subject to the orders of the fuel administrator. This means the losing down of all churches, schools and theatres.

A RAY OF HOPE.
By Associated Press Leased Wire
Joliet, Ill., Dec. 1.—Eight men returned to work at the Skinner mine in Braidwood today. A meeting will be held this afternoon which probably will result in the rest of the force, about 4 out of 50 men, returning. This is the first break in the union ranks in the Wilmington coal district. Miners in South Wilmington and Coal City have made no indication they would return.

IGNORE WHISTLES.
Springfield, Ill., Dec. 1.—There was no general response today to the offer of a 14 per cent increase to the miners according to mine operators. The whistles were blown in the Springfield district this morning following the posting of notices Saturday that the fourteen per cent increase proposed by Fuel Administrator Garfield would be granted but the miners remained away from the mines.

Frank Farrington, president of the Illinois miners, was expected here today from Washington where he attended the coal conference.

R. I. ANNOUS.
By Associated Press Leased Wire
Rock Island, Ill., Dec. 1.—Municipal officers and manufacturers of Rock Island, Moline, East Moline and Davenport, Iowa, are meeting this afternoon to consider coal conservation measures. Street railway service was curtailed today. Needle ice has reduced efficiency of the local water power plants which are depended upon extensively by local industries, about one-third, making the situation even more acute.

NEW STRIKE ON.
By Associated Press Leased Wire
Cheyenne, Wyo., Dec. 1.—Four hundred and fifty coal miners at Hanna, Wyo., struck today. The mines involved in the walkout supply the Union Pacific railroad and the city of Cheyenne. If the strike continues, the railroad will be without fuel. The plant supplying light, heat and power to Cheyenne announced today its fuel supply would last only two days.

THE WEATHER

MONDAY, DEC. 1, 1919
By Associated Press Leased Wire
Chicago and Vicinity: Cloudy tonight and Tuesday, probably light snow; not much change in temperature; lowest tonight about 14 degrees above zero; moderate northerly winds.

Illinois: Fair in extreme south; probably light snow in north and central portions tonight and Tuesday; somewhat colder in west portion tonight and in south portion Tuesday.

COLD WAVE HIT DIXON.
Saturday night and yesterday the predicted cold wave hit Dixon, and government thermometer reaching a minimum mark of 12 degrees above zero.

WAR TIME RULE TO GOVERN USE OF COAL IN U. S.

More Stringent Regulations Over Nation in Effect Today.

BULLETIN.
By Associated Press Leased Wire
Washington, D. C., Dec. 1.—War time restrictions on the consumption of coal were ordered into effect today for the period of the present strike emergency.

Fuel Administrator Garfield, acting in conjunction with the railroad administration, announced that only the industries included in the first five classes of the priority list established during the war would be furnished coal and that public utilities would be asked to discontinue furnishing power, heat and light to non-essential industries.

The industries to which coal will be furnished will be: railroads, coastwise and inland shipping, army and navy and other government departments, state and county departments and institutions, public utilities, including newspapers, and retail dealers supplying household consumers.

By Associated Press Leased Wire
Chicago, Dec. 1.—Further stringent regulations for conservation of fuel supplies, made necessary by the strike of bituminous coal miners who have now been idle a month, were in effect today over virtually the entire country between Ohio and the Rocky mountains and from Canada to the Gulf of Mexico.

Regional fuel committees took control of coal stock in many states and non-essential industries continued to close down because of lack of coal, while the hours for operating stores, theaters, and office buildings were curtailed.

Many Schools Close
In Kansas City, Missouri, and Omaha, and Lincoln, Neb., all schools were closed today, and officials of many other cities discussed the advisability of shutting the schools until the fuel shortage is relieved.

Turn Down Increase
Reports today from the large bituminous fields of Illinois, Indiana, Ohio and Pennsylvania gave no assurance that the union miners intended to accept the offer of an increase of 14 per cent in wages made by the federal fuel administration. Neither was there any indication that local settlements would be effected between miners and operators.

In West Virginia, union officials asserted that most organized mines in the Kanawha field would be idle today.

Governors Meet
Governors of Illinois, Indiana, Iowa, Missouri and Tennessee, and a representative of the governor of Kansas who met here yesterday in response to a call issued by Gov. Gardner of Missouri to discuss means for ending the threatened coal famine recommended to the federal government that a fuel administrator be appointed in each state to have full charge of distribution of all coal available for his state. It was also recommended that all coal mined be distributed equitably among the 48 states on the basis of their needs developed during the war, regardless of the state where mined.

The governors left for their homes today after agreeing to convene again at St. Louis next Sunday. Miles C. Riley, secretary of the conference, was directed to go to Washington to lay the situation before the federal authorities.

The calling off early today of the strike of railway switchmen which began at Kansas City Saturday, it was stated, would greatly relieve the situation confronting that city and some other parts of the southwest because of the fuel famine.

Plans for operating the coal mines of Kansas under a receivership of the state supreme court went forward today and Gov. Allen announced that actual digging by volunteers would begin tomorrow. Twelve hundred Kansas national guardsmen and 600 federal troops were in the Pittsburgh mining district today and it was announced that all volunteer workers would be protected.

U. S. SENDS NEW NOTE TO MEXICO IN JENKINS CASE

No Ultimatum, But Mexico is Severely Criticized.

BULLETIN.
By Associated Press Leased Wire
El Paso, Tex., Dec. 1.—An unverified report was current here today that William O. Jenkins, American consular agent at Puebla, Mexico, had been liberated from jail. Andres G. Garcia, consular general for Mexico here, said he had heard the report, but no verification of the rumor had been received.

By Associated Press Leased Wire
Washington, D. C., Dec. 19.—Renewing its request for the immediate release of Consular Agent Jenkins imprisoned at Puebla, the latest American note to Mexico, made public here today arraigns the Mexican government's conduct in severe terms and characterizes it as a studied attempt to ensnare the American consular agent in the intricacies of legal proceedings.

No ultimatum was served and no indication was given of what the American government's course would be if Jenkins is not immediately released.

U. S. Asks Justice.
The American note to Mexico in the Jenkins case begins by saying the United States declined to be drawn in to a judicial discussion of "irrelevant or unimportant matters" and says the request for the consular agent's release is founded on "right and justice."

"Mere Excuses."
The United States, the note says, is "constrained to the opinion" that Carranza arguments that the case is being investigated and that Jenkins has not taken opportunity to be released on bail are "mere excuses."

This government does not admit, the note says, that it is necessary to keep Jenkins in jail while his case is being investigated and this government "fails to discern" that the "intricacies of the Mexican penal laws" have been applied with impartial effect to Jenkins.

The Mexican government cannot argue that it cannot interfere with the judicial processes of a state unless there has been a denial of justice, the American note argues, because, it contends there already has been a denial of justice, and the Mexican constitution extends the power of the federal government to "all cases concerning consular officers and diplomatic agents."

The United States is not to be driven by "such subtle argument," says the note "into a defense of its request for the release of Mr. Jenkins. It is for Mexico to show cause for his detention; not for the United States to show cause for his liberation."

Then, the note says, "stripped of extraneous matter with which the Mexican note of Nov. 26, endeavors to clothe it, the naked case of Jenkins stands forth." The note then reviews the history of the cause and takes up the argument.

Jenkins was imprisoned for "rendering false judicial testimony in connection with the abduction of which he was the victim," says the note. "In whose interest is the charge of false swearing brought against Jenkins?" asks the note. "His abductors? The Mexican government is prosecuting the victim instead of the perpetrators of the crime."

"While the outlaws who endangered his life and took away a large part of his fortune enjoy their freedom, the Mexican authorities now deprive Jenkins of his liberty." "That Jenkins is supposed to be guilty of rendering false judicial testimony," the note says, "is merely an opinion of the Mexican government, entirely unsupported by evidence."

"The Mexican government," says the American note, "cannot expect the United States to accept in the grave circumstances of this case such a bare unsupported statement as a valid excuse." Jenkins, weak and exhausted in a hospital, the note says, has been harassed by the Mexican authorities while evidence against him was obtained through intimidation of witnesses.

The note says the only conclusion this government can draw is that Mexico has made a "studied effort" to ensnare Jenkins in legal intricacies, divert the attention of the American and Mexican people both from the fact that the second largest city in Mexico is overrun by bandits, and that the Mexican authorities have been negligent.

"It appears," says the note, "to have been the purpose of the Mexican government to assume a wilful indifference to the feelings of the American people that have been aroused to the point of indignation by the exposure, hardships, physical suffering by Jenkins during his abduction and his subsequent treatment at the hands of the Mexican authorities."

HOLD PAN SALESMAN
Chicago, Dec. 1.—H. S. Wigle of Spokane, Wash., head stock salesman for the Pan Motor Co., was ordered held to the grand jury in bonds of \$20,000 by Federal Judge Ladd today on a charge of perjury. Wigle is one of the defendants of the company on trial to defend charges of using the mails to defraud.

SHOE FACTORY IS NOW RUNNING ON ELECTRIC POWER

Coke to Provide Heat; Rumors of Closing Are Denied.

A report gained wide circulation Saturday to the effect that the Dixon plant of the Brown Shoe Co. would be forced to shut down on account of the shortage of coal. Inquiry at the office Saturday failed to reveal the facts but this morning Supt. Watkins gave out a statement, indicating that there would be no change in the operation of the plant.

He said that the company's plant here had been without coal for some time and that coke was being used in the furnaces to heat the plant. The power plant in the factory was closed down several weeks ago on account of a break in some of the machinery and all of the power used to operate the machines is being supplied by the Illinois Northern Utilities Co.

The supply of coke which has been used entirely for heating purposes for some weeks past was almost completely exhausted last week and fuel was being supplied from the local gas plant of the Utilities Co. Mr. Watkins stated that five cars of coke, fuel sufficient to operate the heating plant at the factory for a period of 60 days, are on the way and have been delayed in arrival. One of this number is expected to arrive in the local yards either today or early tomorrow, thus relieving the situation as it now exists.

"We have not been in danger of closing the plant," stated Supt. Watkins, "and do not anticipate that such action will be necessary. With the arrival of our shipment of coke we will be able to proceed the same as in the past." It is true that we are without coal at the Dixon plant, but we have not used coal since the break in our power producing machinery about three months ago and have been supplied with power from the Utilities Co.

The report that the building has been without heat is untrue. The coke supplied by the Utilities Co. has been used for heating purposes and for furnishing a very small amount of steam that is used in some of the machines.

Striker Killed and Sheriff Wounded in Steel Strike Clash

By Associated Press Leased Wire
Wheeling, W. Va., Dec. 1.—A steel striker was killed, Sheriff W. E. **MICHIGAN SWEEP
BY A HURRICANE**
By Associated Press Leased Wire
Detroit, Mich., Dec. 1.—Scores of industrial plants here and in other cities of the state are temporarily closed or their production curtailed because of the hurricane which swept across South Michigan late Saturday, according to reports early today. Miles of electric power wire were leveled to the ground by the wind which reached a velocity of 84 miles an hour here and from 70 to 80 miles at Flint, Port Huron, Grand Rapids, Pontiac and other points.

Fresh tales of damage are being received as wire communication is being restored but early today the list of the deaths remain at 6, five killed here and one near Jackson, although hundreds are reported to have been injured by flying debris and broken glass.

**WEATHER PREVENTS
FOOT BALL CONTEST**
The blizzard which struck Dixon Saturday and continued to rage through Sunday prevented the football game which was scheduled to have been played yesterday afternoon at the Brown Field. The weather was altogether too cold for the athletes to take to the field and the spectators would doubtless have been few. It is probable that the contest will be played off at a later date when weather conditions are more favorable.

MAYOR ASKS STORES, OFFICES TO CONSERVE

Request Made After Conference With Manufacturers, Head of Utilities Co. and City Officials
This Morning—Local Factories Feel Effect of Miners' Strike More Seriously
Each Day—Cooperation Needed.

DIXON WATER CO. WITHOUT FUEL IN TEN DAYS

TO COAL CONSUMERS OF DIXON
(BY MAYOR MARK D. SMITH.)

At a meeting held at my office this morning, composed of manufacturers, dealers and commissioners for the city, the coal situation was carefully gone over. The dealers of Dixon are practically without any coal; the manufacturers are in almost like condition. Some have supplies to run them for a few days. Some have only enough to run them less than one week. The Water Company has a supply that will carry them over about ten days. Most of the factories are using coal only for heating and great loss would be entailed if they had to shut down entirely. In discussing the situation, it may be advisable for some of the manufacturing institutions to cut down their running time to possibly one-half time, or three days per week.

I want to assure the public that we are facing the most serious situation in regard to fuel that the country has ever faced. The surplus of the country is very nearly exhausted. If the miners resumed operations tomorrow, it would be impossible to catch up until warm weather. I most earnestly request that the merchants of the city cut down their hours of business to as nearly banking hours as possible and that the householders and those occupying offices of the city save fuel in every manner possible. If you are heating your whole house, close up part of it and heat the part absolutely necessary to be heated. Go to bed early and save fuel in this way.

I have no authority at the present time to close theatres and other places of amusement but I ask the proprietors of these places to consider the situation facing us, and to save on fuel as much as possible, as I believe that in a short time an order will be issued empowering us to close these places completely. To consumers of gas and water, I urge you to economize in your consumption as much as possible because gas and water require the use of coal in their production, which you may need for heating your house. Lodges, clubs and like institutions, as well as churches, are urged to conserve fuel in every way possible. I assure you that this is not a false alarm and again say that the most serious situation with regard to fuel that we have ever faced is confronting us now.

Dixon faces a fuel situation which is the most serious in its history. The coal situation is rapidly growing more serious within this city and each day fails to bring any relief. A meeting of coal dealers and manufacturers was called this morning at 10 o'clock by Mayor Mark D. Smith in his office at the city hall which was largely attended and at which it was disclosed that Dixon's factories are facing a proposition of operating and providing employment for the citizens. Briefly the factories of Dixon, represented at this morning's session, are situated as follows:

The Reynolds Wire Screen company has one plant shut down now and the other will be forced to close this week on account of coal shortage. A sufficient supply is on hand to keep the fire sprinkler system and other water pipes from freezing up for a short time only.

The Dixon Water company has coal enough to operate its pumps until one week from today, Dec. 10, by keeping a minimum amount of fire under the boilers. The Water company has no coal in transit, although it has made requisition. So serious is the situation, that the city council will doubtless today order the drinking fountains for horses turned off.

Illinois Northern Utilities company has already given out a statement as to the condition that exists in their gas plant and are now making gas from a much more inferior grade of Illinois coal which has a much smaller percentage of gas production. Only the hydro plants are being operated to supply electric power. All electric signs and window lighting service is to be discontinued.

The Case plant of the Grand Detroit Power Company is not using a pound of coal, all of their furnaces burning oil and the buildings being heated by oil burning furnaces.

The Borden plant has coal enough on hand to operate the Dixon plant for possibly 30 days and are conserving the supply wherever possible.

Coal dealers are almost without coal except for small quantities of hard coal and are unable to state when they will receive other shipments.

The Brown Shoe Company is operating without a pound of soft coal in their furnaces. Should the regional directors decide to confiscate carload shipments of coke, this plant would doubtless be obliged to shut down.

Situation Indeed Grave
The situation is indeed grave. As was outlined in a talk by E. D. Alexander of the Illinois Northern Utilities company, who has just returned from a meeting in Chicago, citizens of Dixon must awake at once to the seriousness of the situation. The state public utilities commission met with the heads of the utility companies Saturday in an effort to bring about some means of conservation. "Dixon is not yet in the throes of the coal famine," said Mr. Alexander. "I think that the situation will become the most serious that the people have ever seen. The citizens do not appreciate the seriousness of the famine that is bound to strike, not only Dixon but the entire country. We have not experienced the hardships yet but they are bound to come and with them will come suffering."

"At this time there is a disposition to provide coal for the operation of essential industries, but I believe that within 30 days, there will be no essential industries, but that human life will come first."

It was the general feeling of not only the factory operators and the coal dealers but of all present that immediate steps should be taken to conserve the supply of coal now on hand. It was suggested that business houses and offices buildings adopt banking hours for the conduct of their respective businesses. Later in week, the pastors of the various churches will probably be called together in an effort to urge the holding of union services. Theaters may also be asked to discontinue performances until some relief is in sight from the present condition that now confronts the city.

State Commission's Request
The state public utilities commission has sent out notices to the effect that the shortage of coal is most acute at the present time. The unnecessary and non-essential use of gas and electric current should at once be discontinued. All unnecessary illumination for advertising purposes, including signs and window lighting, should be immediately discontinued. All power dependent upon coal as its productive force should be limited as far as possible to service involving the public health, safety and living necessities of the people, and that all service involving economic production should be limited as far as possible to what is absolutely essential, and that services designed mainly for public convenience should be curtailed to the limit.

The commission desires that all public utility corporations to take immediate notice of the public statement and to govern themselves accordingly. It further requests all chambers of commerce, boards of trade, and other municipal agencies, including the municipalities throughout the state, to immediately meet and consult in what way there may be a further conservation of fuel within their respective localities.

The commission is scheduled to give out a mandatory order to be followed throughout the state at a meeting which was called in Chicago this morning at 10 o'clock.

ATTENDED FUNERAL.
Mr. and Mrs. James Ballou have returned home from Dayton, Ill., where yesterday afternoon they attended the funeral of Mr. Ballou's only uncle, Charles Wesley Ballou, who passed away a few days ago of pneumonia. The deceased had visited here every season and was quite well known in Dixon.

SANDRA THE JEALOUS

By JANE PHELPS.

SANDRA IS OVERWHELMED BY A NEW THOUGHT

CHAPTER CXXXVIII

"Have you seen the paper tonight?" Everett asked when he came in.

"No, I have been playing with Junior and haven't looked at it. He is so cunning I forget everything when I am with him."

"Walter Kemp was killed yesterday; rather injured so badly he died this afternoon. An automobile accident."

"How terrible. Let me see the paper, please?"

It was only a short paragraph which told of Walter's death; the manner of it. He had a collision with another car and while both his own chauffeur and the occupants of the other car had escaped, Walter had been terribly injured.

"Poor Rose. What an ending of her married life. She wanted to be happy—longed for it more than anyone I know—unless it is myself!" I said really thinking out loud more than addressing Everett.

"And so you have longed for happiness, Sandra? I hope you have found it." Everett returned very gravely.

I made no reply. I WAS happy most of the time—in a measure. I could not tell him that the thought of what he had withheld from me and had given Leola, was a constant hindrance to my happiness. I sent a telegram to Rose at once. I was so sorry for her. It was all so pitiful. Everett remained at home, that evening, and we talked of little else. I could not dismiss it from my mind.

"I am glad she went back to him now," I remarked. "I thought her feelings when she did it. But I have a feeling she will be happier than if she had not—she is his wife and he sort of belongs to her now, even though he is dead." "Yes, she will probably feel that way. Then, too, it will save costs and more paper, which would have been almost unobtainable had they been divorced."

I had not thought of anything what I said to Everett until I saw him again. Then it came to me. Leola belonged to him also, even though she was gone. No matter how she had stirred how she had pained him when alive; no one could question his claim to her now.

Suddenly Rose, her trouble receded. Walter was gone. But Everett the man I loved with all my heart, could even now flush over the mention of his first wife—look conscious—and so make me unhappy.

"I wish she was buried somewhere deep in the ocean!" I thought, then wondered if he now visited her grave. If he ever had since we had been married.

Strangely enough, with all my jealous thoughts and fears, this never before had occurred to me. Perhaps he made regular pilgrimages to it even now? The cemetery where she was buried was not far; he could easily take time from his business hours to go there and I never should be the wiser.

"What are you thinking of, Sandra?" I was startled at the question breaking in upon my thoughts. "Try and put Rose, her trouble, from your mind. We will do anything we can for her, out fretting and lying awake won't help her, and it will harm you."

"No—I wasn't thinking of Rose just then," I had only faintly heard or at

sorbed anything but his question.

"What then? You looked very serious."

"Did I?" I laughed a little as I pulled myself together. Suppose he knew what was in my mind, what would he think of me? He would probably consider me a silly little fool. I answered the question to myself.

"Yes, and dear, perhaps Rose is happier than if Walter had lived—or will be happier after a while. He never would have been true to her—or to any one woman. I am ashamed to confess it, but there are such men; men who have no sense of sex faithfulness. He was one of them. No one knows from what she has been saved by his being taken from her now." He still thought me serious because of Rose, and was trying to comfort me. While I was only thinking of myself, and my determination to find out if he still made pilgrimages to the spot where he had laid Leola.

AMUSEMENTS

UNCLE TOM'S CABIN

Kibble's mammoth scenic and spectacular \$30,000 revival of the great and everlasting celebrated masterpiece of Harriet Beecher Stowe's entitled "Uncle Tom's Cabin" will be given at the opera house on Tuesday night. It is one of the most interesting and heart-rending plays ever placed upon the stage, and it will live forever in the memory of the theater-going public. Mr. Wm. H. Kibble, the enterprising manager, has taken pains in staging and producing the original version of Mrs. Stowe's beautiful story, every year trying to outdo the previous ones. The company this season numbers over fifty people, twenty of whom are colored, engaged to fill out the many pictures of this play and introduce their many old and new songs, dances and "charactations" shines. Two 75 ft. Pullman palace cars are required to transport the people and scenery.

Manager Harvey is justly proud of all the talent he has provided and although it is expensive to pay high salaries to so many clever people, yet it is a lot of satisfaction to the Manager to feel assured that it is no matter where the Harvey Greater Minstrels play, it is going to please the patrons.

However, some of the above, coterie of experts are funnier than Frank Kirk as he is playing the banjo and singing with a lighted cigar in his lips, that he

SCOTT'S EMULSION

Let it help turn your daily tasks from a burden to pleasure. Scott's Emulsion is abundant in those nourishing elements that every mother in the land needs.

Scott & Bowne, Bloomfield, N. J.

apparently swallows the cigar and continues to sing as smoke pours forth from his mouth like lava from a volcano. Kirk's performance is clever but likewise is the work of Alonzo Moore the man of much mystery, the four old men dancing number and the comedy acrobatic buck and wing dancing of Buster Miller.

This company will be at the opera house Thursday, Dec. 4.

BIG MEETING TONIGHT OF FRIENDSHIP LODGE

Hon. Henry R. Rathbone and Rev. James O'May, of Chicago, will be the speakers at a banquet to be given in their honor this evening at the Masonic hall by Friendship lodge, No. A. F. & A. M. The banquet will be served to the members of the lodge and other Masonic bodies who have been invited at 6:30, the ladies of the O. E. S. being in charge. Following the banquet a program, consisting of addresses by the guests of the evening and officers of the local lodge and musical numbers will entertain those present.

METHODIST MENTION.

The Senior choir is preparing a beautiful Cantata for Sunday evening, Dec. 1st. The name of the Cantata is "The Vindictous Light," by R. M. Stults. Let all members and adherents of the church remember the date and plan to be present.

Official Board meeting this evening at 7:15.

The Junior choir will give a very fine Cantata on Christmas night. There will be special practice on Wednesday at 4 o'clock.

Mid-week meeting Wednesday at 7:30. You are no doubt planning to attend. These meetings have for you the inspiration that is needed to live a wholesome Christian life.

W. F. M. S. will meet Thursday at 81 Galena Ave.

Women of Mooseheart Legion Card party, evening of Dec. 2nd, Moose hall, 1001 and Luchre. Public invited.

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to "set in"—use Dr. King's New Discovery

THAT dangerous stage where a cold or cough or case of gripe might get the better of you may be nearer than you think. Prompt action with Dr. King's New Discovery will avert a long siege.

For fifty years it has loosened congested chests, dissipated tight-packed phlegm, broken vicious colds and coughs. Give it to the youngsters—take it yourself. There will be no disagreeable after-effects. 60c. and \$1.20 a bottle. At your druggist's. Give it a trial.

Bowels Become Normal

—liver livens up, bile flows freely—headache, biliousness, tongue-fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action. Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestinal-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels, 25c. at all druggists.

HOOSIER

— the Kitchen Cabinet that saves miles of steps

**"My best Christmas gift----
more leisure all year"**

EVERY home should have its Hoosier, for every housewife deserves the many benefits it brings. And there's no more fitting time to get it than at the Christmas season.

The gift of a labor-saving Hoosier expresses the intimate thoughtfulness every home-maker appreciates. It makes her work easier and more enjoyable all year. It makes her workshop more attractive and adds to the pride of home.

Surrounded by many patented conveniences found only in the Hoosier, the housewife sits at her work

instead of walking to and fro. Thus she saves miles of steps.

Because utensils and supplies are centralized in the Hoosier, much work is saved. By preventing waste in measuring and mixing, foods are saved.

If your kitchen still lacks this greatest convenience come and see a demonstration. But don't hesitate to let it be known that a Hoosier for Christmas would please you most.

Hoosier prices are moderate. The terms are convenient. Many fine models to choose from.

TEN DAYS OF FAST AND FURIOUS SELLING WILL MARK THE FINISH OF ONE OF THE MOST SUCCESSFUL SHOE SALES EVER CONDUCTED IN NORTHERN ILLINOIS

I must clear every Bargain Rack and Table in my store within 10 Days to make way for the HOLIDAY RUSH. Prices will be SLASHED TO THE LIMIT. A Chicago Wholesaler offered to buy the whole lot—but I decided to give my trade the benefit of these shoes at a further slash in price rather than to a stranger.

My purchasing power enabled me to buy heavily when Shoes were 80% less than present wholesale cost. These Shoes are staple styles, good 365 days in the year. My prices are 100% lower than the present market. Here is your "Golden Opportunity" to buy the best grades of merchandise handled only in first-class Shoe stores. Queen Quality for women, Bostonians for men, Red Goose for children, Holland Welts for boys, Budds for little tots. If you appreciate what these reductions mean to you at this time you will certainly avail yourself of the opportunity the next 10 days extends to you. The big sign goes down in 10 days and then footwear will be sold according to present market. You people who avail yourself of these last 10 days of this sale will always remember it. A full line of Holiday Slippers now in stock. The famous Daniel Greene line of comfys is featured.

SHOWER FOR BRIDE-TO-BE—

The home of Mrs. and Mrs. August Gehant was opened Saturday to a number of guests, the occasion a miscellaneous shower for Miss Jennie Caroline Dysart, younger daughter of Mr. and Mrs. Grant Dysart, of West Brooklyn, who is soon to be the bride of Frederick Joseph Bettendorf, of Sublette. Through connivance on the part of Miss Stella Gehant and Mrs. Harry Christensen, the latter a sister of the bride-to-be, Miss Dysart was invited to the home of the former to visit Miss Agnes Prindaville, who was a week-end guest in that home. Unconscious of the plans laid for the surprise, Miss Dysart entered the parlor where the decorations of white and yellow, with hearts used in profusion, revealed the secret. The gifts were concealed in a parol and banked at its base and Miss Dysart said to these and requested to unwrap them, reading the accompanying notes. Pieces of cutglass, aluminum, china, silver, linen and articles of handwork were among the gifts. After indulging in merry chat and numerous games the guests were invited to the dining room, which was tastefully decorated in white and yellow festooning. White and yellow streamers, held in place by tiny hearts, extended from the ceiling to the sides of the table. The centerpiece was a huge bouquet of white and yellow chrysanthemums. Mrs. August Gehant, Mrs. Grant Dysart, and Mrs. Harry Christensen served the luncheon, a most delicious one. The bride's cake, containing a ring, coin, thimble, gave rise to great amusement, music and more games completed the delightful affair.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels.

Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

ARREST MEN IN NEWBERRY CASE

By Associated Press Leased Wire

Grand Rapids, Mich., Dec. 1.—William E. Rice, local printer, one of the
more than 150 men indicted by the fed-
eral grand jury on charges growing out
of the investigation of campaign of Sen-
ator Truman H. Newberry, last year,
appeared before Judge Sessions in United
States district court and pleaded guilty
to the charge of conspiracy in the cam-
paign. He was released on bond of
\$2000.

By Associated Press Leased Wire

Grand Rapids, Mich., Dec. 1.—First
arrests by federal officers of some of
the 153 men named with United States
Senator Truman H. Newberry in the in-
dicement returned by the grand jury
here late Saturday on charges growing
out of investigation of the Newberry
campaign last year, were expected to-
day. Papers for the arrests were being
prepared as rapidly as possible and spe-
cial assistant Attorney General Frank
C. Dalley was expected to return today
from Indianapolis to join speed the
work.

It was said that an attempt will be
made to commence arraignment of the re-
fendants before Federal Judge Clarence
W. Sessions here next Monday, with
the probability that they will come into
court in small groups and that all may
be admitted to host hall, one suit in one
instrument covering all.

Further announcements of names of
those indicted had not been made up to
this morning and it was indicated early
today that those would not come until
arrests were made. Bench warrants
have been issued by Judge Sessions.

umn in the Dixon Telegraph.

Great Activity is Remarked at Fiume

By Associated Press Leased Wire

Belgrade, Dec. 1.—Great activity pre-
vails at Fiume. A destroyer left there
Saturday presumably for Zara, accord-
ing to the Serbian press bureau. The
merchant vessel Adria followed with
1,000 shock troops.

Reports from Fiume stated that "Ad-
miral" Rizzo, commander of the D'An-
unzio fleet there, has gone on board a
destroyer and purposes occupying Se-
benico.

deer hunters arrived at the end of their
long journey yesterday in two automo-
biles. The trip from St. Paul to Dixon
was slow and over very bad roads and
all members of the party were glad to
get back home again. Angler Wilson,
Joe E. Miller, John Ford, and Frank
Schoenholz were the Nimrods who
made the trip from St. Paul in the au-
tomobiles which they were forced to
abandon on the trip to the north on ac-
count of deep snow and bad roads.

Germans Flocking Out of French Provinces

By Associated Press Leased Wire

Paris, Saturday, Nov. 29.—More than
32,000 Germans left Alsace during the
French government's recent campaign to
stamp out disturbing propaganda,
according to the L'Alsace Gazette.
Statistics show that up to the end of
October, 2,800 Germans were expelled,
18,500 left voluntarily and 4,800 Ger-
man railroad employees were "repatriat-
ed." In addition about 5,000 not in-
cluded in these statistics also left un-
der various conditions and 12,000 re-
mained in Alsace on Nov. 1.

These figures include only Alsace but
the French government's efforts are be-
ing continued both in that province and
in Lorraine.

R. C. SWITCHMEN BACK.

By Associated Press Leased Wire

Kansas City, Mo., Dec. 1.—As sud-
denly and unexpectedly as it began
Saturday, the strike of 1,500 railroad
switchmen in the local yards was called
off early today.

The action was taken at a secret
meeting which began yesterday and
lasted far into the night, when it was
understood a proposition sponsored by
more conservative members of the uni-
ons, to end the walkout, was put to a
vote and carried.

NEW INDUSTRY PARLEY MEETS TODAY TO TAKE UP NATION'S PROBLEM

Wilson's Second Industrial Conference Commences Work.

Washington, Dec. 1.—Seventeen men,
widely known in business and public
life, representing no particular group as
such but acting for the people as a
whole, assembled here today to confer
on the country's industrial situation.
The conference, the appointment of
which was announced from the White
House Nov. 29, marks the second effort
of President Wilson to devise means for
settling the chaotic conditions that have
prevailed for months in industry. It
was designed to accomplish what re-
cent national industrial conference failed
to do.

No form of procedure was set for the
gathering and this will be determined
by the conference itself. In the words
of President Wilson the "new repre-
sentatives should have concern that our
industries may be conducted with such
regard for justice and fair-dealing that
the workmen will feel themselves in-
duced to put forth their best efforts,
that the employers will have an en-
couraging profit and that the public
will not suffer at the hands of either
class."

Organized labor has expressed dissat-
isfaction with the personnel of the con-
ference because of the fact that no labor
men were named although they claim-
ed, every other interest was represent-
ed. The conferees, former federal and
state officials, business men and econ-
omists are as follows:

Secretary of Labor Wilson; Thomas
W. Gregory, Austin, Tex., former attor-
ney general; George W. Wickersham,
New York lawyer, attorney general in
Taft's cabinet; Oscar Straus, New York
diplomat, lawyer and author; secretary
of commerce and labor under Roosevelt,
Frank Taussig, Washington, political
economist, former college professor and
chairman of the United States tariff
commission; Samuel M. McCall, Boston
lawyer, former governor of Massachusetts;
Herbert Hoover, mining engineer
and former food administrator; Martin
H. Glynn, Albany, N. Y., newspaper
man and former governor of New York;
H. C. Stuart, business man and former
governor of Virginia, W. A. Thompson,
Presbyterian minister and president of
Ohio State University; George T. Slade,
St. Paul, railway man and Lieut. Col.
with A. E. F.; Julius Rosenwald, Chic-
ago, merchant and philanthropist; C. D.
Young, New York lawyer; Henry J.
Waters, agricultural economist and for-
mer president of Kansas State College
of Agriculture; Stanley King, Boston
lawyer, former member council of na-
tional defense and assistant secretary of
war; Henry W. Robinson, Pasadena,
former member United States shipping
board; Richard Hooker, Springfield-
Mass., newspaper man.

PRESIDENT HAS MESSAGE READY

By Associated Press Leased Wire

Washington, D. C., Dec. 1.—President
Wilson's annual message to congress,
which is to be transmitted to the sen-
ate and house at noon tomorrow,
was completed today and sent to the public
printer. There still was no information
as to its length or the subjects dis-
cussed.

It develops that the President made
notes and then dictated it from them
instead of writing the message on the
typewriter as has been his usual cus-
tom.

TEXTILE WORKERS QUIT

By Associated Press Leased Wire

Fall River, Mass., Dec. 1.—Virtually
all the textile mills in this city, employ-
ing 28,000 operatives, were tied up today
by a strike for a 25 per cent increase
in wages. The demands were made by
members of the National Amalgamation
of Textile Operatives, numbering ap-
proximately 7000 and their leadership
was largely followed by the unorganized
workers.

Dr. Reddish Trial for Murder Starts

By Associated Press Leased Wire

Jacksonville, Ill., Dec. 1.—The trial of
Dr. Horace A. Reddish, charged with
complicity in the murders last April of
his wealthy father, Stephen M. Reddish
of Jacksonville, and an aged negro do-
mestic, Rachel Cisco, was scheduled to
begin in the circuit court here today.

The trial is to be held here on a
change of venue from Jerseyville.

An uncle of Dr. Reddish, John W.
Mackolden of St. Louis, also is charged
with complicity in the murders, but will
be tried separately.

Police Raid Nets an Enormous Still

By Associated Press Leased Wire

Chicago, Dec. 1.—Revenue officers to-
day were searching for Louis Zaros,
head of a distilling company, in whose
home they discovered and confiscated
what is said to have been the largest
illicit liquor plant ever seized in the
country. Three stills said to have a
capacity of 100 gallons a day, and other
paraphernalia were taken in the raid.

NACHUSA

Last Friday evening the Woman's
Missionary society held its annual ba-
zaar and chicken supper, the most suc-
cessful held. It was largely attended
by Dixon friends as well as some from
Sterling and Franklin Grove.

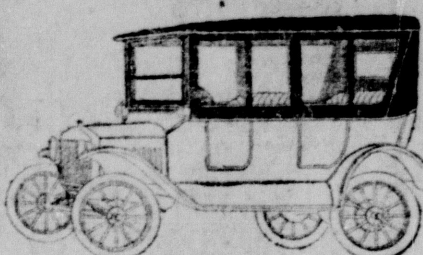

The annual public Thank-offering
meeting of the Woman's Missionary so-
ciety will be held Sunday morning, No-
vember 30, at the church. The Thank-
offering secretary, Miss Anna Emmert,
has prepared an excellent program. A
cordial invitation is extended to the
public to be present at the service.

Mr. and Mrs. Scott Spangler and
daughter, Elsie, and Mrs. Geo. Weid-
man were in Dixon Saturday after-
noon.

E. D. Weigle, who suffered an attack
of acute indigestion and pleurisy last
Thursday, is slowly recovering from
the attack.

Mr. and Mrs. George Weidman were
passengers to Chicago Thanksgiving
morning to be the guests of Mr. and
Mrs. John Shank during the day.

OBITUARY.

MRS. MARGARET E. COLE.

Margaret Ellen Cole was born in Pennsylvania, Nov. 29, 1843, and died at the home of her daughter, Mrs. H. L. Fordham, in Dixon on Nov. 19, 1919, death resulting from a stroke of apoplexy at the age of 75 years, 11 months and 20 days.

Her father, A. J. Carnahan, and her mother, whose maiden name was Elizabeth Holden, came from Pennsylvania when Mrs. Cole was only six years of age, making the long trip in a wagon. They settled on a farm one mile west of Compton at what was later known as Carnahan Station. Here she grew to womanhood and in 1870 was married at her home to Joseph Frank Cole.

To this union were born four children, Addie Fordham, of Dixon; Mae Bradshaw, of Compton, Ill.; Andrew J. Cole, of Thomas, Okla.; and Joseph F. Cole (deceased), of Spencer, Iowa. After her marriage, her husband owned a store at Melugin Grove and they resided there for several years, later engaging in farming at Carnahan Station. In 1886 they left the farm and engaged in the hotel and drug business in Compton continuing to reside there until about 1900 when Mr. Cole took up a soldier's homestead near Thomas, Okla., and later his wife went there to make her home with him. Her husband died at Thomas, Okla., in November, 1910, and in 1914 she came to Dixon and has made her home with her daughter ever since.

Mrs. Cole was one of eleven children, all of whom are now dead except two, Lafayette Carnahan, of Compton, and Mrs. Smith McBride, of Shickshinney, Pa.

Mrs. Cole was a professing Christian and during her very active life let her religion be known by her works rather than by her words only. She was of a very unselfish nature and was always

114 EGGS A DAY NOW INSTEAD OF 25 A DAY

That Means About \$105 Extra Income
Per Month for Mrs. Ropp.

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung in the feed, and am now getting 107 to 114 eggs a day."—Mrs. Essie B. Ropp, R. R. 2, Little, Ind. Mrs. Ropp got this increase of 7 dozen eggs a day in the middle of winter. At 50 cents a dozen, 30 days a month, this makes \$105 extra income a month. The Don Sung for her 200 hens cost her about \$2.50 per month. You can see how well it paid her, and we'll guarantee it will pay you. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded. Don Sung (Chickens for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in any weather, and starts her laying. Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail, prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

thinking of others—her children particularly appealing to her affections. Of a naturally cheerful disposition she was light hearted and happy up to the day of her death. Though afflicted with failing eyesight and handicapped by rheumatic limbs, yet she never let those around her know but what she was contented with her lot in life. She could always see the bright side not only in her own situation but in the affairs of others. To the day of her death she took a lively interest in the matters of the home and she will be sadly missed by those who knew and loved her.

Owing to the fact that at the time of her death, the home was under quarantine because of other sickness in the family, it was impossible to hold a public funeral.

Rev. Lundgren of the M. E. church read a short service at the home and the body was taken to Melugin Grove cemetery where it was laid to rest beside her husband.

A good wife and mother has gone to her great reward. An active life has ceased and the rest will be hers. But the influence of her kindly spirit will remain with her relatives and friends to cheer them in the lonely hour of her departing, and "over there" she will be with the redeemed in white who have washed their robes in the blood of the lamb and have joined that innumerable caravan who journey toward that bourne from whence no travelers return.

DESCRIPTION GIVEN OF LAWYER'S SLAYER

The murderer of Attorney James P. Gallagher, former Sterling young man, in Chicago a week ago last Friday night has been described as follows to

the authorities by Henry Friedman, a Chicago auto salesman, and a hitherto unnamed witness. "The man is of medium weight, about 5 feet 5 inches tall. He was dark skinned and unshaven, and about 25 or 27 years of age. He wore a long dark overcoat, of the waterproof variety and a light cap pulled down over his eyes."

Friedman was in his store near the scene of the murder when he heard the shot that killed the lawyer. According to his story he ran to the street and was the first to reach the victim's side.

CORN HARDENED BUT CLOSED OFF

By Associated Press Leased Wire
Chicago, Dec. 1.—Corn made a sharp ascent in price today owing chiefly to the fact that offerings were light and that receipts were of comparatively small volume. The coal shortage and a decided jump in hog values counted likewise toward strengthening the corn market. Besides, there were continued complaints of car scarcity. Opening prices, which ranged from 1/4 to 2 1/2 higher, with December 1 1/2 to 1 3/4, and May 1 1/2 to 2 1/2, were followed by a slight reaction but then by a fresh advance.

Oats hardened with corn. After opening 1/4 to 1/2 higher, including May at 7 1/2 to 7 3/4, the market sagged a little before developing new firmness. Provisions were lifted by the strength of hogs and grain. Trade, though, was light.

In the last hour, the fact that a big industry had withdrawn from the market led to something of a setback. The close was unsettled 1/4 to 3/4 net higher with December 1 1/2 to 1 3/4, and May 1 1/2 to 1 3/4.

MYSTIC WORKERS TO GIVE FAIR NEXT WEEK

The Mystic Workers have completed their plans for their annual bazaar, which will open in Rosbrook hall Saturday evening, Dec. 6. Owing to war conditions, the Mystics have not held a fair for three years, but are planning to make the fair this year the best in the history of the local lodge. The ladies have charge of a fancy work booth, and are making a strenuous effort to make this a success. Useful and fancy articles will be found at this booth.

TAKEN TO HOSPITAL.

Lee Bivens was taken to the hospital late Saturday afternoon in the Stapes-Moyer-Schumm ambulance, where he is receiving treatment.

Misses Blanche and Grace O'Malley, of Davenport, and Mary O'Malley, of Chicago, who have been visiting relatives here, have returned to their work in the respective cities.

AT BAPTIST CHURCH

The special services at the First Baptist church last evening were enjoyed by a large audience. The sacred concert by the newly organized choir, with Mrs. Katherine Ballou, director, and A. H. Stoddard organist, was the principal feature of the program. The organ numbers by Mr. Stoddard were notable parts of the program and elicited much praise from all. The duet "Hark, Hark, My Soul," Shelley, by Mrs. Ballou and Mrs. Read was beautifully rendered. The cornet solo "Lost Chord," Sullivan, by H. P. Stearns, was an unusual exhibition of the capacity of the cornet in the hands of a skillful musician. The anthems by the choir were given perfectly. Venite in G and "I Love Thee, O Jehovah!" being the chief numbers. The men's chorus in the latter received much praise. Spirited hymns and the sermon by the pastor added force to the service of worship and of praise.
